

Neighborhood Media . . .

- PSAs - Event Promotion
- News Briefs
- Mini Documentaries
- Weekly TV Show
- Community Events Calendar
- Interactive Website

Perhaps you have thought about using television to share important news and information about your neighborhood. Perhaps you have even contacted a local television station to see if they can help. More than likely, you have found out that they are not able to provide as much air time as you would like, and certainly not for *free*.

Accessible in the homes of more than 100,000 cable TV subscribers throughout Knox Co. (and millions of others around the world via the Internet), Community Television of Knoxville (CTV) *exists* to serve the interests of community residents *like you*.

We can provide all the equipment, facilities and training you need to easily use cable television and your website to promote your neighborhood interests - and yes, for *free!*

Let us show you how we can help you create public service announcements to promote your events, help you produce video news briefs to keep everyone informed, or create special mini-documentaries telling the stories of your neighbors and your neighborhood. We can even help you produce a regular weekly TV show! We can also promote your events in our community events calendar and show you how to create a dynamic interactive website.

CTV offers fully equipped TV studios with ample space for interview formats, virtual sets, multiple cameras, professional lighting, audio mixing and teleprompters. We also provide portable equipment, including digital video cameras, microphones and lighting kits.

Best of all, CTV offers the assistance of a highly qualified Staff eager to meet your needs. Let's get something started on Community Television of Knoxville. Contact **Jason Oaks** or **Dale Mackey** @ 215-8848.
